

Comfort and high-level chemical protection

SPECIFIC ADVANTAGES

Thermal protection

- Thermal insulation from the cotton-knit lining for handling hot liquids

Durability

- Excellent mechanical resistance and longer service life, due to the textile support and the thickness of the glove

Productivity

- Pebbled embossing, for better grip on wet and slippery objects

Skin protection

- Superior chemical resistance against acids and alkalis, such as concentrated hydrofluoric acid, oils, and greases, due to its 100% neoprene multi-layer construction

INDUSTRIES

- Mechanical industry
- Chemical industry

APPLICATIONS

- Handling and transporting drums of chemical products
- Handling on alkylation units
- Hot, petrochemical product sampling
- Resin and adhesive manufacturing
- Site pollution control
- Surface treatment of metals (acids)

LEGENDS

PRODUCT DETAILS

Interior finish	Textile support
Exterior finish	Pebbled
Material	Neoprene
Colors of the gloves	Black
Length (inches)	13.98
Thickness (inches)	0.05

LOGISTIC DETAILS

Packaging	6 pairs/carton
